First Name: _____

SNUM

New Zealand Society, Identity and Health

This section investigates issues associated with health in the context of New Zealand society and in the context of your identity. We are interested in exploring a wide range of experiences and views about identity and about New Zealand society.

Ethnicity Identification

First I would like to ask you about your ethnicity

Ethnicity is the group or groups that you identify with or feel you belong to. It is a measure of cultural affiliation. It is not the same as race, ancestry, nationality or citizenship. Ethnicity is self-perceived and you can affiliate with more than one ethnic group.
